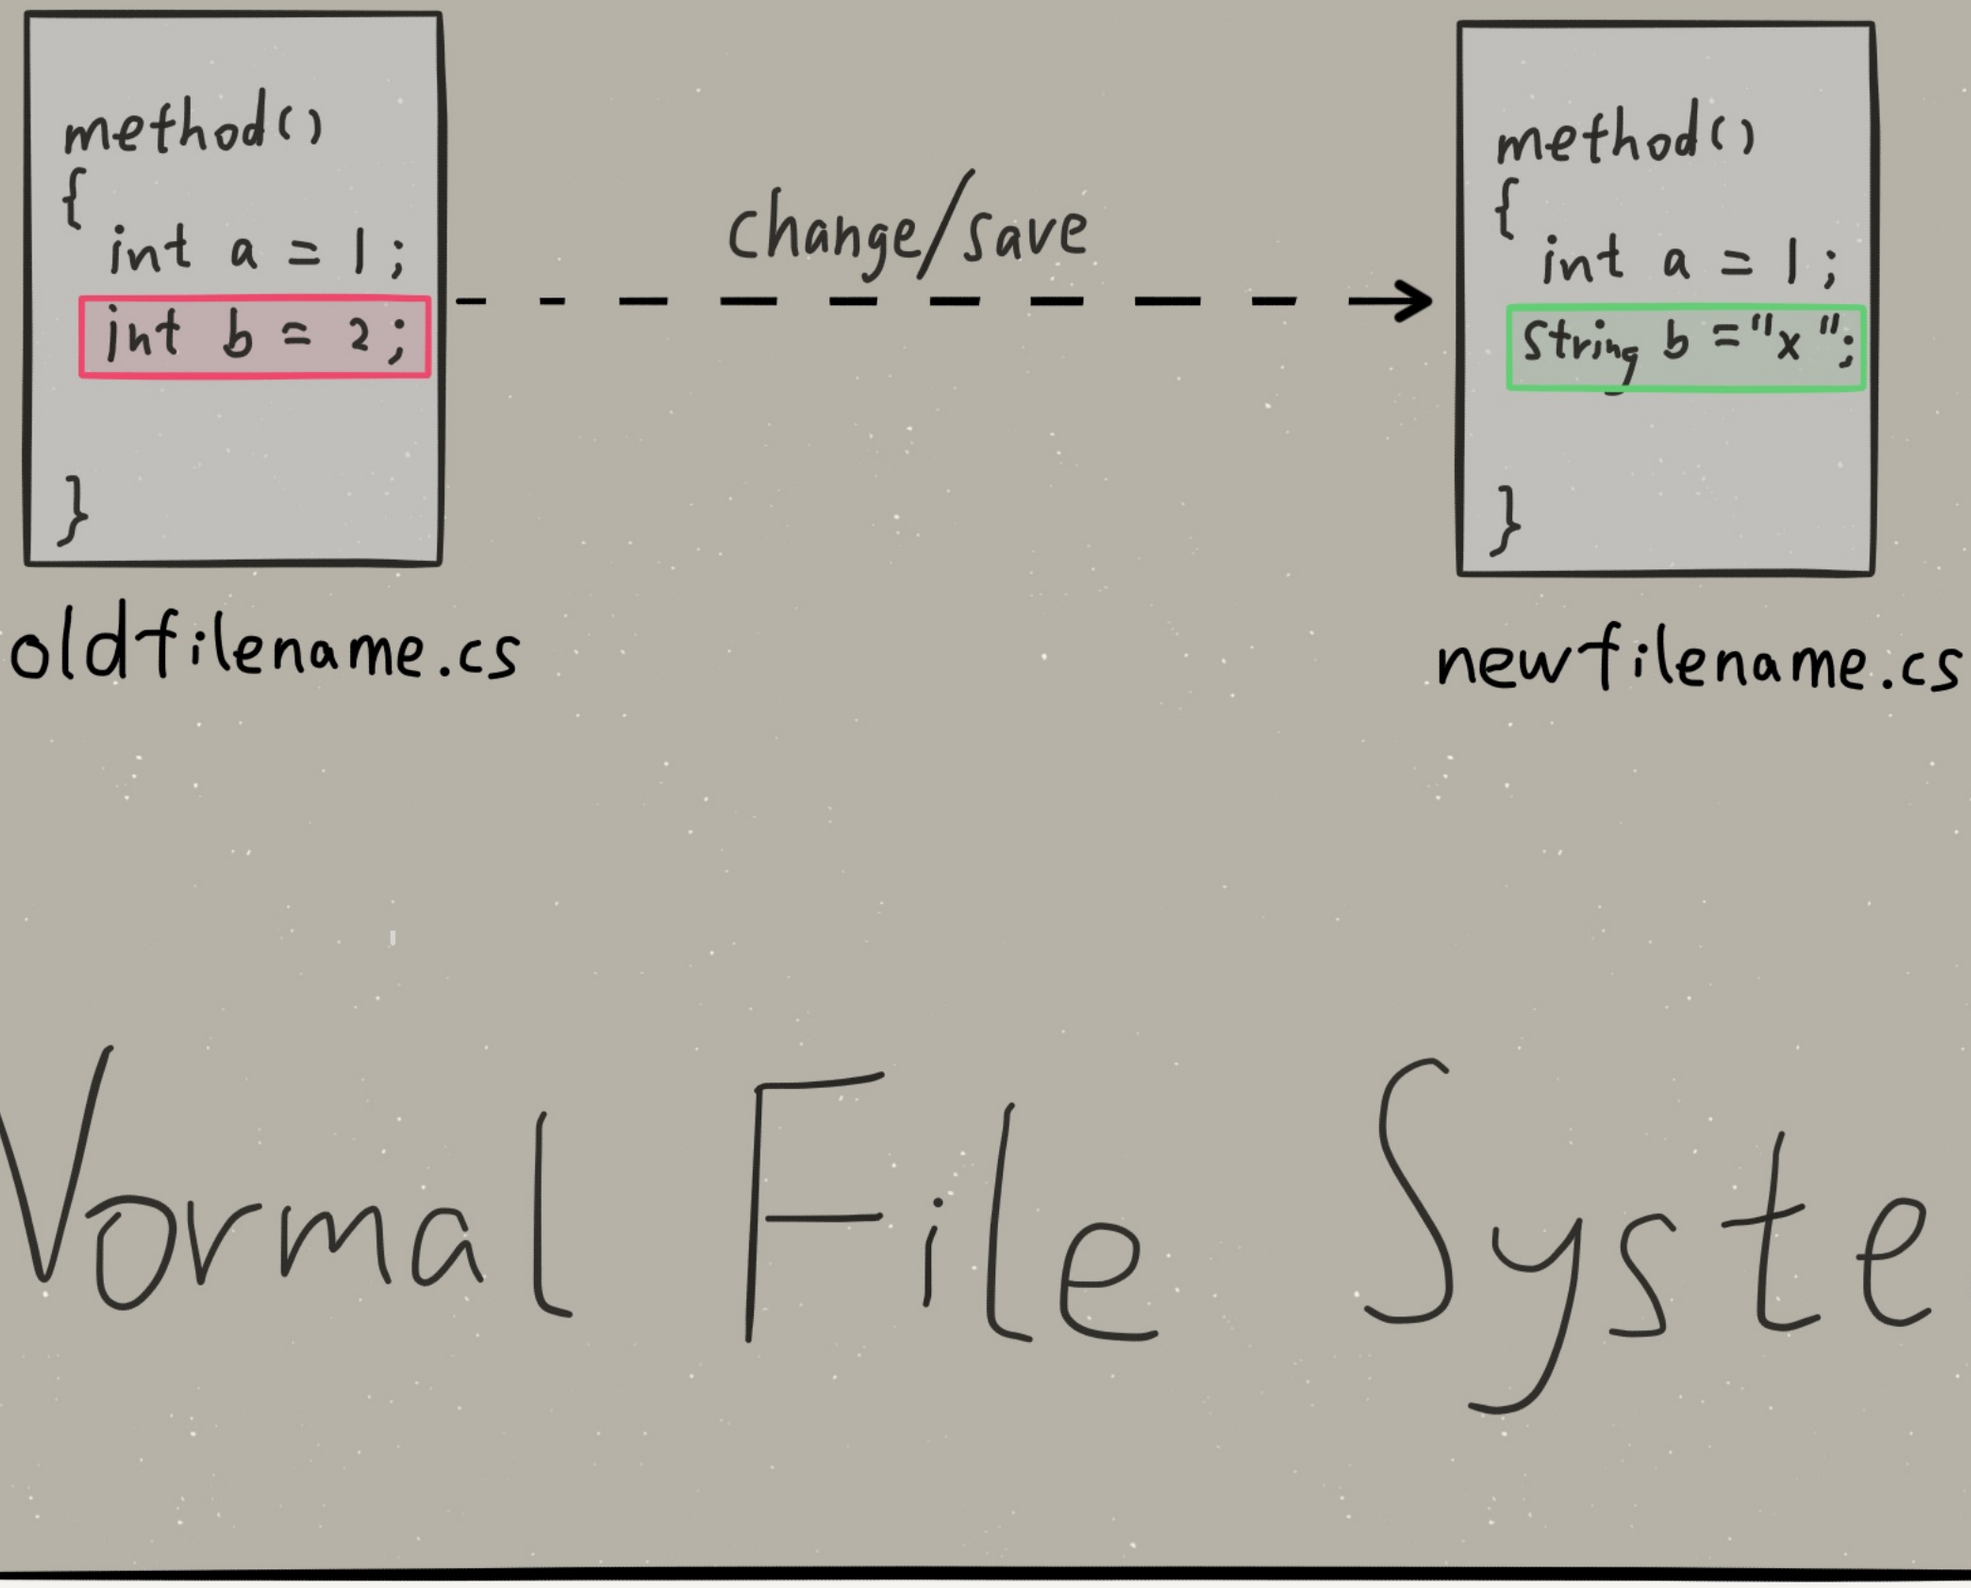
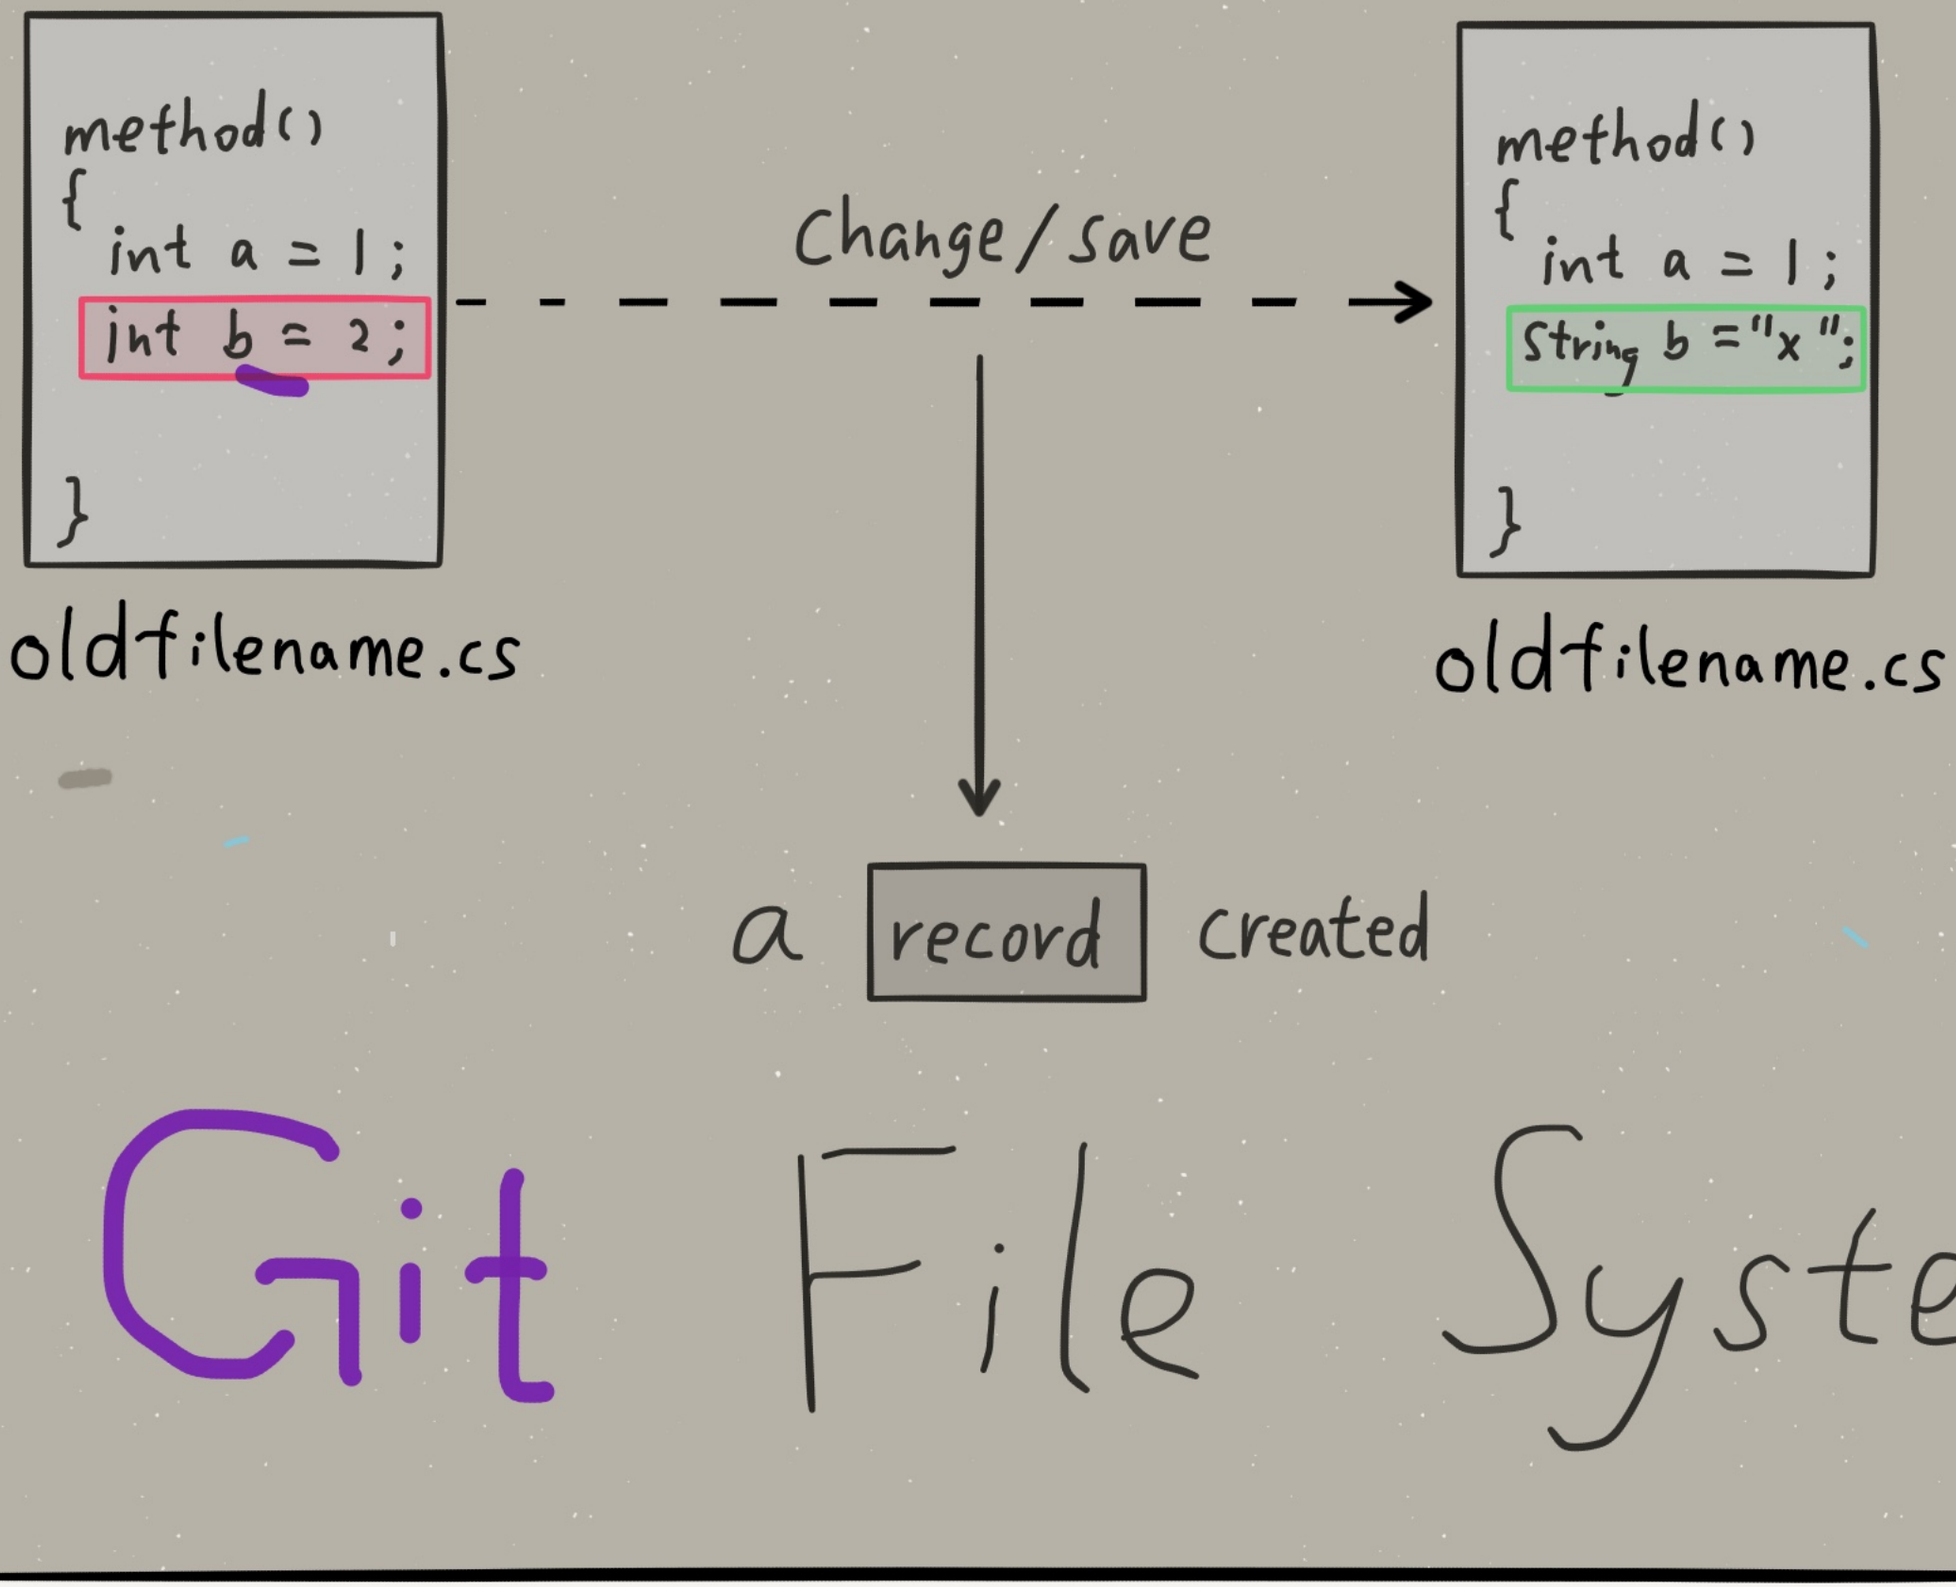
Image, you wrote 1000 lines of code today, tomorrow you find it's a BUG!

Solution 1: Check/Rewrite 1000 lines.

Solution 2: Use Git and click "Reverse"



method()
{
int a = 1;
int b = 2;
}
change/save
method()
{
int a = 1;
String b = "x";
}
oldfilename.cs
newfilename.cs
Normal File System



method()
{
int a = 1;
int b = 2;
}
oldfilename.cs
Change / save
method()
{
